DAY OF THE MORRIS MINOR REPORT: A Grand Day Out

The weather forecast was not good. There were dire predictions of rain, hail and even a possible blizzard! Stewart provided some lovely cover for the registration desk in case the weather forecast proved to be correct. However, the morning of Sunday 28 November dawned and despite a grey start to the day, the conditions were perfect for the 2021 Day of the Morris Minor! The sun came out and the new venue at the La Trobe community market was perfect, it made it possible for visitors to the market to also enjoy seeing all the Morris Minors present and also vote in each category.

In the end we had so much interest that we ran out of voting slips toward the end of the day. We counted over 100 voting slips. The sight of all those lovingly presented Morris Minors lined up was enough to make everyone smile.

Not only did we have Morris Minors there were club members there with other vehicles as well. There was an Alvis, Mini Minor, Morris Oxford, Morris Marina and an MGB.

We had a total of 39 entries.

The winners in each category were:

Best Light Commercial Vehicle – Vans & Utes – UDW 607 Percy Scicluna

Best Convertible All Series – 78247H Brian Glass (who needed to leave before the presentation)

Best Traveller – CH403 Richard McKellar

Best Series MM 2894H9 Jim & Helen Gourlay

Best Series II – CH5254 Jeff Stanyer

Best Series 1000 – HEP 786 Craig Ellis & Samantha Ellis

Overall Favourite – 02220M

Bill Brown

M Factor Trophy – 0769 H9

Riley Davies

The raffle was drawn by Percy Scicluna with great skill.

First Raffle Prize - Wash Products - Dianne Linsell

Second Raffle Prize – Wash Products – Lesley Dines

Third Raffle Prize – \$30 Bunnings Voucher - Rosalee Harper

Congratulations to the winners. More especially thank you to everyone who helped out for your hard work, to all the entrants for ensuring the presentation of your Morrys was outstanding, to all those who forwarded photos for the Generator and to all who attended for participating in what was indeed a Grand Day Out!

President's Report – December 2021

President Report December 2021

What a great Day of the Morris Minor it turned out to be. The weather behaved itself as much as you could ask for in Melbourne, the volunteers turned up and did a great job, the market was handy and lots of people everywhere. A big thank you to the volunteers as my job was so much easier with everyone pitching in. Some were even happy to keep going after their hour was up! They worked through some of the issues that came up and were adaptable and cheerful.

Best of all weren't the cars beautiful, so much gloss and chrome it was magic. Well not all the cars were like that, one or two had a well-developed collection of spider webs and they are not easy to grow! If there are any improvements that can be made for the next DOMM I would love to hear from you as I'm sure it wasn't perfect. I have had one suggestion of an 'original' category but even the purest Morry has something improved on it either the paint job or those Major brakes or even seat belts – so quite hard to do.

More signage from the other entrance would be useful too.

This is Sarbi who is quite the aficionado of the chrome. She seems to be giving someone the eye to prevent them from touching her car.

My favourite photo from the day

I feel we should all be celebrating our freedoms from masks – it feels a little strange seeing faces again.

The saga of my order of parts from England has been resolved and everything has turned up but these parts have been around the world and come to me via Canada. I knew there was a Victoria on Vancouver Island in Canada, but I didn't know there was a Brunswick there as well. The AU in my address had been changed to a CAN. An interesting mistake which came to light when the parts were returned to England by a kind Canadian. I can now get my steering boots fixed!

Christmas party is the next event at the Veneto Club in Balwyn and then a club meeting at the Clubhouse in Deepdene – face to face! Yay! If we are indoors, we will need to be doubly vaxed. I'm hoping to organise something for the evening but will let you know in the next Generator.

Keep well and celebrate! Braidy

In the last edition of the Generator there was an article submitted by **Ian Hamilton**, we are very pleased to report that his fully renovated Morry has arrived safely in Victoria. The pictures show his car on the back of a transport and then in the driveway of his home.

Our time with HNF-361 – Part 2 of a 3 part love story by Rosalee Harper

Well this little aqua blue Morris had become a big part of my life we pretty much only called her Morry but she was like a friend oh I did learn to drive in her taught by Graham (so he can't bag my driving)oh my learning to do all the foot work to learn the gears was tricky Oh and hand brake starts , Graham was very patient and Morry to held up even when I would crunch the gear going from 2nd to 3rd it was so hard it was like learning a fancy and new dance I thought that I would never get it right thankfully I did finally master the foot work and both Morry and Graham survived we were to take this little car on lots of adventures ,as with saving hard to get our first home Graham sold his beloved Holden to get us over the line to secure our loan so Morris was our only car for a while so she went to Phillip Island ,Werribee and Warburton just to name a few we went all over the place we would often put our canoe on top of her so picture a bright orange canoe on top of our aqua ,blue Morris it did get us some very interesting looks and sometimes looks of disbelief .I did get my license only three weeks prior to our wedding in September 1980 and to this day 41 years later I still regret not taking her on our honeymoon trip to Lakes Entrance. I felt that I could have driven her anywhere. I drove this little aqua colored Morris minor every day to work my boss did have his doubts about her but she never let me down. Well it's now 1982 we have a beautiful baby Robert and yes we did bring him home from the hospital in HNF-361 I was getting worried in how we were going to manage running two cars on one wage but we did it I was able to get a part time job which also helped me to keep Morry Robert just loved sitting up in her and go on adventures he would call any little car a Morry he liked when people would wave and smile as they went past us I do think that these little noddy cars do bring smiles to people as they see them. Life was good at the Harpers with HNF-361

An Apology: Rosalee's surname was printed incorrectly in the last edition of The Generator. This error has been corrected for this edition of the Generator.

Editor's Note:

A big thank you to everyone who has submitted fantastic stories and pictures of their Morrrys. They will appear in the next couple of additions of the Generator. We had a fabulous number of photos sent to us after the Day of the Morris Minor. We have made a PowerPoint presentation of all the fantastic pictures we received.

I encourage you to continue sending in those anecdotes, pictures and stories because it is the stories of you as members provide are the reason this is such a great club.

Have a happy Christmas and a safe New Year.
