PRESIDENT'S REPORT APRIL 2024

Hi Everyone,
Well, it was another busy month in the Carr household. I have helped Mum and Dad move some of the larger and heavier workshop items from there place to mine for interim storage. I have also added another Morris Minor (Dad's Van) to the shed for storage.

We had a great run to the Moorabbin Air Museum and the Naked Racer for lunch. Thanks, Barb, for organising the run. Keep and eye out for the run report later in the Generator.

The AGM will be held on 13th June, we are looking for people to help out around the club. If you could spare some time to join us on the committee or help with the supper or library that would be great. Don't forget your membership was due on the 31st of March, so if you have not yet paid, please do so.

Hope to see you at the meeting.

Keep on Morrying,
Stewart Carr

This customer was having issues with their diesel engine stalling.
I think the years of sludge and gunk that had built up in the fuel tank might be the issue!

More details and a call for numbers attending for lunch closer to date.

Moorabbin Aircraft Museum – Sunday 24 March

A great run organised by Barb Went.

We met at McDonalds and drove in convoy down to Museum where we spent an hour and half looking around displays. We were all amazed how much we could remember about travel from our childhoods and how far modern travel and technology has come. After the museum we adjourned 500 m down the road to The Naked Racer Café for lunch and a wander around their display of motorcycles and memorabilia.

This was also the first run we used our recently purchased 2-way radio set and they worked well. We handset in first and last car in convoy and were able to communicate without any problems.
We did use them when one member did take a wrong turn at traffic lights, and we were able to stop convoy and wait until they caught up.

MEMBERSHIP REPORT APRIL 2024

Membership statistics are as follows:
188 Financial members including 7 Life members.

New members this month

Brendan Hard #1832 is one of the Roxburgh college teachers involved in the Morris minor restoration project at the college. We are kindly hosted by the college for our annual Morry Khana Sunday and we appreciate their generosity in supporting the event.

John Newton #1833 has purchased a 1958 Maroon 1000 Sedan named Bob. John's mother originally owned a Morry and he has been thinking about getting one for the last 20 years, but as happens, other things kept coming up. Now that he has a bit more time on his hands he has made the commitment and is looking at fixing up his new purchase to have it roadworthy and on the road. John is keen to chat with and learn from like-minded enthusiasts.

Chris Cansdale #1238 is a returned member from over 20 years ago who has now purchased a 1956 Childers Green Series 2 Sedan named Doris.
Chris bought his first Morry 1000 for $50 with the assistance of the club's Patron, Dr David Warren back in 1986. From his initial Morry to now, Chris did have a side valve but found it too slow for daily commute and passed it on. Having worked on other classic cars, he now has room and time to work on his recent purchase.

We welcome Brendan, John and Chris to the club.

Run Report:

Moorabbin Air Museum 24 March 2024

Whilst the F1 and Max Verstappen raced around Albert Park we met at the Macca's on the corner of Wellington Road and Springvale Roads. The weather was perfect and unlike Verstappen, (who didn't even finish) we all arrived safely on time.

18 members and 3 visitors joined us. There were 9 Morries, 4 moderns and 1 motorcycle.

The museum was fascinating with an extensive range of aircraft ranging from jet fighters, early planes, more modern-day aircraft and helicopters. There was even a vintage Victor Motor Mower!

Several members enjoyed getting into the cockpits of an old TAA passenger plane and role playing at being pilots. I am glad they were just play acting because if it were real life most passengers would have been in fear of their lives!!

We went on to the Naked Racer, just down the road for lunch. This is a wonderful venue for lunch because it is also like a museum, housing over 250 motorcycles.

Attendees: Craig Ellis, Craig Hollands, Brigid and Mark Bosley, Stewart and William Carr, Mal and Margaret Baker, Mark and Therese Powell, Al Billings, Trevor Sarbach and Dianne Braid, Don MacLean, Katie Hamilton, Geoff and Cheryl Nougher, Mariano Berchy, Rob and Trish Smith, Margaret and Liam Carroll and Barb Went

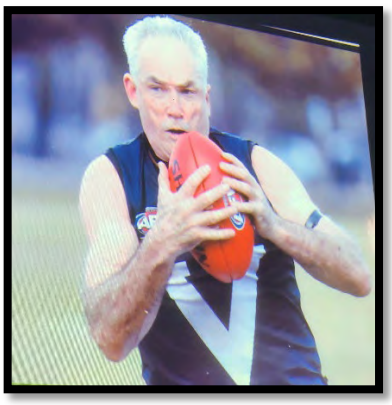
AT THE LAST CLUB MEETING:



We were incredibly fortunate to have Peter Rayson speak at the March MMCV Club Meeting. Peter told us about his history as an athlete and footy player. He described an active life up until an incident at footy camp.

In February, 2023 Peter attended a training camp organised by his club (Williamstown Superules FC) at Strath Creek some 90 km north of Melbourne. On the Saturday morning during a light training run, Peter had a heart attack and collapsed on the ground. He went into cardiac arrest. His heart stopped beating and he stopped breathing. Almost immediately a group of players and other club members started applying CPR on Peter. The venue's defibrillator was located, bought onto the ground, attached to Peter and used. After 26 minutes Peter was revived. He went on to have open heart surgery and attended Cardiac Rehabilitation. Following all of this he returned to playing football.

Peter was inspiring with his positive approach to his journey and recovery. He is very keen to spread the word about looking after your health. He went onto make a moving documentary featuring those who were involved in his resuscitation. He played this for us and it was very powerful.

His take home messages were:

1. Look after your heart – have regular heart health checks.
2. Learn Cardio Pulmonary Resuscitation (CPR)
3. Locate the AED – defibrillator at your meeting venue.
4. Consider obtaining a portable AED for runs and club functions
5. Don't stand back if you have the chance to assist with CPR

Thank you to Peter and his wife Anne for coming to our Club Meeting and sharing your story.

Wheel Measurements, Hubs and Tyres

Pitch Circle Diameter (PCD)

Look at the stud pattern on the wheel. The PCD is the measurement for the distance between the centre of a stud hole to the centre of the stud hole directly opposite.

The majority of models have a PCD of 4".
(WHL103NW)
Generally 1952-53 onwards.
These have the 9" hubcap with "M" Motif.
(WHL104)
Vans after 1968 often have a Plain 9" hubcap
(WHL104A 1968-72)
No brake adjuster hole
Stud diameter smaller than earlier wheels below. Uses 3/8 UNF nuts (SUS176) to attach wheel to studs in hub.
Tyres - 145 X 14,
155 x 14 NB: these will not fit the spare wheel compartment of a saloon/convertible.

Some later Series II cars have a
4" PCD with the larger 9" "M" Motif hubcap that fit over the turrets.
This wheel has a brake adjuster hole so that you don't need to take the wheel off when adjusting the brakes
Uses Studs as above
Tyres - 145 X 14,
155 x 14 NB: these will not fit the spare wheel compartment of a saloon/convertible.

The first cars (Series MM and some Series II – 1948 - 1953) have a PCD of 4.5". (WHL103PE)
This has the smaller 8.5" Plain hubcap (WHL105) that fits over the turrets.
This also has the brake adjuster hole.
Uses Bolts to attach wheel to hub
Tyres – 145 x 14

The Series MM before car no. 131858 uses BSF wheel bolt threads. After 131858 the MM uses wheel bolts with 7/16 UNF threads and normally 5/8 A/F heads which cause problems as they are too small and wear the holes in the wheels. Also available were 7/16 UNF bolts with 3/8 Whitworth heads (= 11/16-3/4 A/F) which solved the problem.
