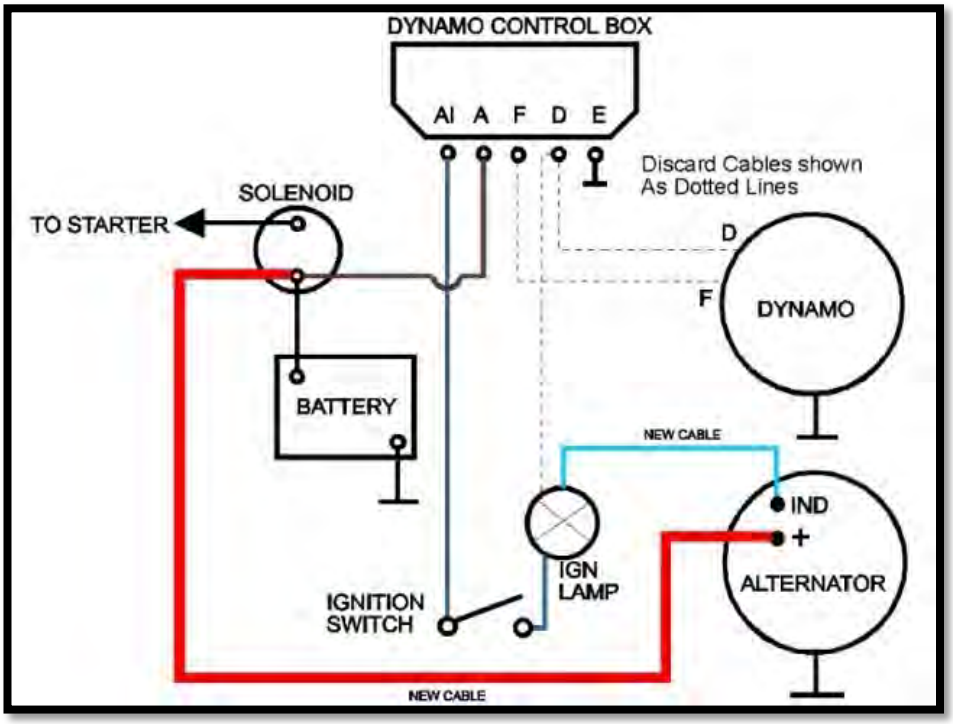
PRESIDENT'S REPORT AUGUST 2024

Hi Everyone,
Winter is certainly upon us, but it did not affect the July run to St Anne's winery. With approximately 90 members from 5 Morris clubs, it was a great day out. Thankyou Wayne Cunningham for organising this great Christmas in July event. I travelled just under 400km for the day in "Bess" our 1960 2 door saloon. As always, she ran like a dream.
This month we are going to the Fox car collection at Docklands on the 24th of August. Further details in the coming events section of the Generator.
Braidy Davies has been working hard on locking in a location for this year's DOMM (Day Of the Morris Minor). We have been lucky enough to secure Pipeworks Market for the Event. Hope to see everyone there on the 20th of October 2024.

See you at the meeting.



This is a question I get asked from time to time so I thought I would share it with you.
Here is the wiring diagram to wire in an alternator on your Morris Minor.

Keep on Morrying

VICE PRESIDENT'S REPORT AUGUST 2024

As mentioned at the July general meeting, the committee was looking into the purchase of a Defibrillator. Earlier this year, we had Peter Rayson, a heart attack survivor as a guest speaker. Peter's presentation titled "Dead for 26 Minutes but still kicking" was a real eye opener. As a result of Peter's talk, we realised that as a club, we had no access to a Defibrillator at our meeting venue. After discussions, the committee decided that having our own Defibrillator at the hall and also on club runs would be a good investment. I'm happy to report that the Defibrillator chosen by the committee has arrived. We are advised that the unit can be used by anyone without specific training as it has voice instructions for setup and on what action is required. It also gives feedback on CPR compression rates and depth. It goes without saying that we hope we never need to use it but it's there if needed.

GENERAL BUSINESS

1. The Club Person of the Year was awarded to Barb Went;

2. We are still looking for a Secretary, Webmaster and a Librarian.

For Sale, Wants & Needs, Tips & Hints:

In general discussion on the use of unleaded fuel in unmodified Morris Minors, it was suggested that the use of 91 octane unleaded fuel rather than 98 octane fuel is acceptable as long as a fuel additive is used. 91 octane fuel is generally fresher in a service station as more of it is used. The previous petrol ratings of Standard was for 81 to 91 octane petrol while Super was a 98 octane petrol.

Hans discussed a problem he has had fitting a split windscreen. Russell advised it was a specialised task and suggested a company called Classic Car Windscreens. He said you need to use kerosene as a lubricant on the windscreen rubber. Leigh Wallace advised that he has used a company called Windscreen Deals in Heidelberg Heights.

Ed discussed a problem he had with his CPS registration with VicRoads. He had paid his registration at a VicRoads office but about a month later on checking found it was still listed as un-renewed. He returned to the VicRoads office with his receipt to resolve the matter. He was told that they have 2 systems for administering the Club Permit Scheme and that it was renewed in one system but not the other. This was rectified but if not picked up Ed would not have received a renewal next year and if checked by the police they would have his vehicle listed as unregistered. Hence it is important to check say with your own VicRoads account that your registration has actually been noted as renewed.

Leigh Wallace advised that for his 1961 Morrie he was able to get from the AOMC all of the VicRoads old registration details for his vehicle. This was possible as all of the details for most of the older registered vehicles within Victoria previously held by VicRoads have been transferred to the AOMC. To obtain this information, you need the registration number if known, and/or the engine or chassis numbers. The cost to do this was about $150.

There being no further business the meeting closed at 9.00pm followed by the drawing of the raffle.

Ed James
Secretary

RUN REPORT:

Run Report – St Anne's Winery, Myrniong – Sunday 21st July

The winter sun came out for our fabulous run to St Anne's winery!! We had over 80 members from 6 different clubs including 40 of our very own MMCCV members. Many thanks to Wayne Cunningham for coordinating the Ballarat Morris Minor Car Club, Central Vic Morris Minor Car Club, Geelong Morris Minor Club, Morris Car Club of Victoria and the Ballarat Morris Car Club to make the mid-year lunch a great success. We day began with a coffee catch-up at Rockbank BP service station. The convoy then took off over the undulating hills of the Western Highway to Myrniong which is a small town nestled amongst the picturesque Pentland Hills some 15kms west of Bacchus Marsh. Upon arriving at St Anne's winery members caught up with old friends from all over Victoria and wandered passed more than 25 Morrie's.

Lunch was a festive occasion with Santa arriving to hand out treats to all (Many thanks Graham Dines!) The wood fired pizzas were well worth the wait and many enjoyed a glass of St Anne's wine to wash it down.

After lunch members were able to meander around the beautiful country gardens or inspect the magnificent historic bluestone cellar door which is built from remnants of Ballarat's original jail. Many enjoyed a free wine tasting and I may have seen quite a few bags making their way home in Morries!! St Annes Winery is a family-owned business which offers a large range of wine, fortified wines and liqueurs. The historic barrel room was also well worth a look! If you missed the event, a trip to St Anne's is afun day out.

A big thankyou again to Wayne Cunningham for organizing such a successful event. We even made the Moorabool news if you'd like to take a peek.

Morris Minors meet at Myrniong

Ballarat Morris Minor Club's Wayne Cunningham showed off his 1962 Morris Minor panel van at the car meet event.

TIM BOTTAMS

MEMBERS of six Morris Minor car clubs from around the state met up at St Anne's Winery at Myrniong on Sunday to show off their cherished vehicles.

The event saw about 80 members between the Morris Minor Car Club of Victoria, as well as from the Ballarat, Bendigo, Central Victorian, and Geelong branches.

Event organiser, Ballarat Morris Minor Club's Wayne Cunningham, displayed his 1962 Morris Minor panel van and said the event was a great outing between the communities.

"This is the first time we've had all six clubs in the one spot," he said.

"A couple years ago, we had this in Meredith with about 60 there. Last year we had 40. These 80 people are probably the best we've had for any event.

"We're hoping with numbers like this, we can keep the event rolling into the future. The more we put ourselves on show the more likely we are to get new members or more people interested."

Winery attendees browsed the range of classic cars on display while the meetup, which served as a Christmas in July, saw a visit from Santa following lunch.

Morris Minor Car Club of Victoria treasurer Katie Hamilton said St Anne's Winery proved an ideal location to host the event.

"We're very happy with the turnout," she said. "We've probably got about 35 of our own members. We tend to have about eight to 10 vehicles with each turnout.

"This is our first time at St Anne's and it's quite a nice venue to host this with a nice view and beautiful country."
