President's Report February 2024

Hi Everyone,
What a great day it was at Westerfolds Park on Australia Day . I counted 12 Morris Minors while I was there and some had already left. It was great to see some people bringing other classics cars like Ross Carr driving his MG Midget and the Mark and Sue Parritt bringing there Toyota Celica. Thanks, Michael Dobson, for organising the event.
This month we have a lot on. Our first outing is to the Moorabbin Aviation Muesum on the 11th of February. Then we have our inaugural joint swap meet with the MG Car Club in Nunawading on the 24th of February and to round the month out we have been invited to the Ballarat invitation day in Ballarat on the 26th of February.
Further details are in the Generator.
Hope to see you at the meeting.

Keep on Morrying,
Stewart Carr

This is a piston from a 2-stroke motorcycle. You can see some detonation marks around the outside of the piston crown. This is most likely caused by poor quality fuel.

VICE PRESIDENT'S REPORT:

Hi all. At the February General Meeting, l thought l would share another of my hobbies with the members. I have a collection of vintage and classic bicycles. The classic bicycles consist predominantly of Malvern Star Dragsters from the 1970's, but there's a couple of rare and unusual bicycle amongst them know as a Swing Bike.
Swing Bikes, designed in the USA were only manufactured for 3 years in the 70's until dwindling sales saw the end of the bike that was once touted as "the most fun you could have on two wheels". This resulted in low production numbers, and with natural attrition this has made the Swing Bike a very rare and desirable bicycle amongst collectors.
I invite you all to come along and share my journey of finding and rebuilding a Swing Bike. The bike will be on display along with another unrestored survivor.

Russell Hatton,
Vice President

Combined Mid- year run - Christmas in July

An invitation has come from the Ballarat to hold a combined mid-winter Lunch/Christmas in July Run.
In the past this has been a successful event.
More details to come.

The TAC L2P program is a volunteer driver training program for young people. It supports young drivers who don't have access to a vehicle. The Transport Accident Commission (TAC) L2P Program is a community-based program developed to assist eligible young Victorian learner drivers between the ages of 16 and 21 years (and in some circumstances, up to 23 years) who do not have access to a supervising driver, or an appropriate vehicle gain driving experience. required for a probationary licence.

The program which is run by VicRoads, TAC and delivered by 60 local councils and not-for-profit community agencies across Victoria.

All training is provided by TAC and support is provided by local co-ordinators.
Cars are provided by TAC and are garaged at your local councils and not-for-profit community group.
All cost costs of running cars are covered by TAC.
Once you are matched with a driver you then arrange driving times that suit both of you.
Usually, it will require two -3 hours per week.

All programs are currently looking for volunteers. Especially mentors for learners in manual cars.
Considering that all us Morry drivers are expert at driving manual cars our knowledge and experience is invaluable for young learners.

If you are interested have a look at the VicRoads website below or have a talk to me about my experiences in the program.
