**The vehicle is sold with logbook and plates.**
**The vehicle is sold to a friend so that a new logbook might be obtained.**

Further information on the Club Permit Scheme (CPS) can be found on the VicRoads website.

# President's Report March 2025

Hi Everyone,

Well, what a weekend it has been. After traveling more than 700km in some very hot 35 plus degree weather it is nice to be home. My Morry ute performed admirably as usual and is now looking forward to a nice rest for a couple of months.
The Tour De Bendigo was a fantastic event. I would like to thank the Central Victorian Morris Minor Car Club once again for all their hard efforts in running such a fantastic weekend. It was great to see the sights of Bendigo and surrounds and finish up at the Morris Minor Garage for the last time at Harcourt North.
This month we have the International Women's Day lunch at Pier 10 winery in Shoreham on Saturday 8th of March. Please get your RSVP in quick so we know the numbers attending.

Hope to see you at the meeting or out driving your car.

Keep on Morrying.

## The British & European Motoring Show Report:

**The British & European Motoring Show & Picnic 16 February 2025.**

A great day 4 cars, 3 Morris Minors and Russell's Vauxhall attended in very good weather. There was also a good turn out from the Morris car club. There we all make of European cars on display. There was not as many cars as usual due to the warm weather. The Fiat car club hosted Fashions on the Field inviting entrants to dress in the era of their cars with our own Briady Davies as one of the guest judges. It is always a great day with plenty of cars to look at and many discussions to be had.

Attendees: Mark Bosley, Russell Hatton, Ross & Ann Carr, Braidy Davies & Peter Walker

## Tour De Bendigo

**Tour De Bendigo - 21 -23 February 2025**

We have just returned from a wonderful well organised weekend in Bendigo. Cars from Melbourne, Bendigo, Ballarat, Geelong and Border region attended the weekend. Some people attended all events and others joined in when they could.

The weekend kicked off with a BBQ in the beautiful Botanic gardens on Friday night.
Saturday morning for 4 hours we had a display of cars in Mall with 35 Morris Minors, a 1929 Morris Minor, a MGB and Austin Mini.
There was great interest from the people of Bendigo in our cars.

Saturday afternoon was an optional mystery tour of Bendigo. A few cars took part, but many took the afternoon off due to hot weather.
Saturday night was the Gala Dinner out by the lake complete with a talk by Richard McKellar, a Morris Minor quiz won by Kate Hutson and Richard and a raffle. Everyone enjoyed a great night.

Sunday we were all up early for the trip out to Richard McKellar Morris Garage for the final opening in its current location.

A big thank you and congratulations to the Central Morris Minor Car Club organising committee and club for putting on a wonderful event.

Thank you to our fabulous Club captain, Mark Bosley for both run reports.

# GENERAL MEETING MINUTES OF THE MORRIS MINOR CAR CLUB OF VICTORIA INC.

HELD AT THE HORRIE WATSON HALL, DEEPDENE AND ALSO VIA ZOOM ON THURSDAY 13TH FEBRUARY 2025

**SPECIAL GENERAL MEETING**

The President welcomed the members present and online and opened the meeting at 8.01pm.

**Committee Members Present**: President: Stewart Carr; Vice President: Russell Hutton; Editor: Barb Went; Secretary: Ed James; Treasurer: Katie Hamilton; Membership: Jim Gourlay; Club Captain: Mark Bosley; and Regalia: Alan Todd.

**Attendance**: Approximately 22 members were present and online. Hence quorum requirement met.

**Apologies:** Geoff Shepherd and Rob Smith.

Katie advised that the Australian Taxation office has revised its requirements around the need for clubs such as ours to submit an annual taxation return based on the financial year ending 30th June rather than our present financial year which ends on 31st March.

Therefore Katie moved that "Changes be made to Rule 3 of the MMCCV Rules to reflect the change of end of financial year from 31 March to 30 June."

Seconded by Stewart Carr. All present voted unanimously in favor of the motion. CARRIED.

Special General Meeting closed at 8.05pm.

**GENERAL MEETING MINUTES**

The President welcomed the members present and online and opened the meeting at 8.06pm.

Committee members present, attendance numbers and apologies as per the Special General Meeting.

**Visitors and New Members**: One visitor named James (arrived later in the meeting) who is looking at buying a Morris Minor.

**Acceptance of Minutes:** Minutes of the previous meeting held 9th January 2025 accepted on the motion of Trevor Sarbach and seconded by Robert Thorpe.

**President's Report**: As per the Generator.

**Vice President's Report:** Russell advised that for International Women's Day on 8th March a run and luncheon at Shoreham has been organised as noted in the Generator and on our Facebook page. The luncheon will now be at 12.00 midday rather than previously noted 12.30pm.

**Secretary's Report**: Ed thanked Barb for doing the minutes at the last 2 meetings. He also advised that various items of information have been received by email and forwarded to appropriate office bearers. Some enquiries received about the sale of Morris Minors and/or parts together with technical requests.

**Treasurer's Report**: Katie advised we have a current operating balance of $3,791.54. With our term deposit of $5,000.00 we have a combined balance of our accounts of $8,791.54.

**Membership Officer's Report**: As per the Generator Jim advised we currently have 176 members including 7 Life members. We have no new members. Jim noted that 5 years ago we had 185 members including the 7 life members so the membership has only slightly decreased in that time.

**Club Captain's Report**: Mark advised of future runs as per the Generator.
The technical morning with the Morris Car Club planned for 15th March has been cancelled. They are now looking at having it on 6th April.
Mystery Run is to be held on 19th May.
We are planning to have the morning at Thorpes in Moorabbin sometime in June.
We will be having the usual Christmas in July event.
We will look at having a Mornington Peninsula run in say November.
We are looking for thoughts and ideas for future runs.

**CPS Officer's Report**: Geoff absent but as per the Generator we have 128 cars and 3 motorbikes on Club plates. There is one outstanding registration that has not been paid.

**Editor's Report:** Barb asked that any images sent to her for inclusion in the Generator be reduced in size before they are sent to her. She also advised that to decrease the workload of producing the Generator it has been agreed by the Committee that the Generator will only be sent out every second month and that hard copies will no longer be posted out.

**Regalia:** Alan thanked Barb for reorganising the page in the Generator showing the regalia for sale.

**AOMC Report:** Stewart advised that the AOMC is holding a Special Meeting to vote on having different types of memberships. This is part of their scheme for an insurance package for member clubs which will reduce our insurance premium by at least 50%. Stewart also advised that their last guest speaker John Bergman spoke about GPS tracking that can be fitted to your vehicle for between $800-$1400 and a yearly monitoring cost of $300.

**GENERAL BUSINESS**

1. We are looking for nominees for the AGM. In particular we need nominees for a President, Secretary, Webmaster and a Librarian.

**For Sale, Wants & Needs:**
Ross Carr advised that he still has bushes for sale.

**Tips & Hints:**
Leigh advised that for a cost of about $90 he was able through the AOMC to find out all of the history of his 1961 car (except names of owners).

There being no further business the meeting closed at 8.41pm followed by the drawing of the raffle.

Ed James
Secretary

## EDITOR'S Report March – important notice regarding distribution of the Generator.

You will notice in the minutes of the General Meeting that the Club Committee have decided to reduce the number of editions of the Generator to every second month. There will also be no printed copies distributed after this month. This is in an effort to reduce the work load of the Editor.

There will be a copy of the Generator sent by email to all members in the following months:
January, March, May, July, September and November.
Details of upcoming events will be emailed to all members if there are changes to the scheduled events.

# MORRIS MINOR FRONT SEAT 1956-71 MODELS
# FITTING INSTRUCTIONS

For these instructions the following applies:-

1. Base cushion cover is the part you sit on
2. Squab cover is the part you lean against
3. Use adhesive specified for use with rubber and foam
4. Tools required:- scissors, flat screwdriver and pliers

Place seat upside down on workbench and remove the half dozen or so black clips with a small screwdriver, which will release the covers from the back rail.
Remove rubber strip that attaches cushion cover to frame.
Place seat on the floor and pull squab cover up and off the frame. Cushion cover will then be free to be removed.
Ease foam away from base of frame, remove squab padding and replace or repair as necessary. Check Pirelli straps and replace if perished. Check the seat frame for damage, repair then paint as necessary.
FITTING PROCEEDURE
It is best to start with the base. Originally, most base cover skirts were held to the underside of the frame with a rubber tube which pushed the material into a slot in the frame. We would suggest you use our seat clips instead. You will need to flatten this slotted area with a pair of pliers as shown, to allow the clips to work properly. Do this before the following procedures. Fit seven Pirelli seat straps as shown here. Apply adhesive to the base frame and the foam wrap and stick to frame. The base foam itself can now be adhered to the frame. You may need to cut out a square in the foam around the vertical squab frame tubes so that the rear of the foam sits on the back rail.

FITTING THE BASE COVER
Lay the cover over the foam so that the front sits just over the front edge of the foam. Mark the centre of the foam with a ruler and marker, centralise the cover to the mark and then gradually turn the side skirts over the foam. Gradually pull the skirts tight and apply the seat clips every 2-3" around the frame.

Once the skirts are attached you need to bring the ends of the skirt around the upright tubes at the rear. Carefully cut along the round edge of the piping and cut out the piping cord to the front of the upright tube. This will flatten this area. Apply adhesive to the back of the skirt material and frame, then pull the skirt tight around the upright tube. The rear base flap can now be pulled and glued to the rear of the frame.

FITTING SQUAB COVER

Fit the five Pirelli straps as shown. Cover the new base seat cover with plastic to protect it from damage. The horse hair pad should sit on the new base cover assembly. It is slightly oversize. Apply adhesive the horsehair and the frame, allow to go tacky and press into place. Then trim the excess hair so that you have about ½" overlap to the frame. Apply a small amount of adhesive to the white wadding material, fold in half and cover the edge of the horse hair. Cut a strip off the plastic bag that the seat covers came in and cover the wadding as shown. This will allow the seat cover to slide easily over the padded assembly.

Slide the squab cover over the padding, pulling on the piping rather than the front and rear faces. As you get near the bottom, insert the front flap between the base cover and the base of the horse hair pad. Note from the picture below how the piping goes to the front of the vertical tube. Keep pulling on the piping until the cover is pulled right down. Clip the ends of the skirt with the seat clips. The front flap can now be pushed up inside the rear of the cover and held in place behind one of the Pirelli straps. The squab back panel can now be pulled tight and evenly clipped to the bottom rail

FOLDING SEAT FRAMES

The above procedure to fit the squab cover is virtually the same as above. However, as can be seen here, the bottom of the side skirts tuck up into the frame to the side of the hinge. Cut the piping and remove the cord inside-this will allow better access inside the frame. At the base of the back panel you will need to insert a thin piece of hardboard or similar, then screw to the frame to hold all the material in place.

Have put some new parts on it and some new trim items yet to be put on. Has new master cylinder and battery I've done since owning. Has set of new brake shoes not on. Includes a Work manual and folder of receipts for work and parts.

We would like only what we paid for her 6k. With the new parts and extras is about 1k.
She runs, I start her weekly.
Thanks
